Dear IAPTC Supporter

We are pleased to inform you that the **International Association of Peacekeeping Training Centres (IAPTC)** will develop its **25th Annual Conference** in **Lima, Peru** from **07 to 10 October 2019**. The theme will be "**Training for Effective Peace Operations: Renewing Commitments and Advancing Partnerships**".

The **IAPTC**, was established in Canada 25 years ago in 1995. It is an open and voluntary association of military, police and civilian agencies who are responsible for, and/or have interest in, delivering training for peacekeeping operations.

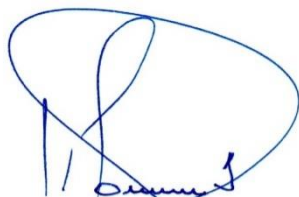

Its **annual conference** provides a forum to broaden contact and discussions between various international organizations, training centres and institutions, universities, think tanks, research scholars and other stakeholders. This event facilitates networking and dialog of best practices between training centres involved in preparing individuals and/or components for peace operations and related crisis situations.

Considering your involvement and interest in this subject, we are glad to invite you to take part in this event as a **Participant**, being sure that your presence will prestige and give a distinctive character to this event.
